

Forma Scientific Steri-cult 200 Hepa Filtered Incubator

Sorry, this machine is no longer available

We might be able to meet your requirements with other [Laboratory & Bench Top Ovens](#) machines.

Stock No	OP946
Manufacturer	Forma Scientific
Model	Steri-cult 200
Serial	27141-1609
Internal Size (WxDxH mm)	650 x 500 x 800mm
Max Temp	50°C
Other Info	Outstanding versatility

Description

This Forma 3035 Steri-Cult 200 CO2 incubator has a warm air jacket that ensures temperature uniformity throughout the chamber and minimizes condensation on the inner door. Sterile HEPA filter (99.7% retention at 0.3 microns) continually returns contaminant-free air to the chamber atmosphere, thus protecting chamber contents. Interior glass door, adjustable shelves are included. Temperature range: 4°C above ambient to 50C. CO2 range: 0-20%. Humidity and temperature control (relative humidity: ambient to 95% at 37°C).Relative humidity range can be set from ambient plus 5°C to 98% RH
