

GWK 20kW Packaged Air Cooled Water Chiller

Sorry, this machine is no longer available

We might be able to meet your requirements with other [Air Cooled Chillers & Refrigeration](#) machines.

Stock No	CQ403
Manufacturer	GWK
Model	WEKO
Year of Manufacture	1999
Ave. cooling capacity	19kw @ 15 $\dot{\iota}$ 1/2c
Ave. Water Flow Rate	2.55-6m3/h @ 2.9-1.9 bar respectively
Other Info	German engineered
External Dimensions (WxDxH mm)	1100 x 850 x 1500mm high

Description

A second hand self contained air cooled package chiller having a cooling capacity of 20kw @ 19 $\dot{\iota}$ c chilled water leaving temperature in an ambient of 27 $\dot{\iota}$ c.

Suitable for a wide range of solution and water cooling applications including cooling of anodising plating solutions, injection moulding, food, dairy, laser cutting and air conditioning to name but a few.

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

Comprehensive control panel incorporating a microprocessor based digital temperature controller with fault diagnostics.

Approx overall size

Installed nominal power of 5.2kw

Internal 110ltr storage tank

.75kw circulation pump offering between 2.55-6m³/h flow at a head of 2.9-1.9 bar respectively.

Quite running hermetically sealed reciprocating compressor

Single 1.15kw condenser cooling fan unit

3/4" bsp inlet / outlet connections

Overall dimensions 1100 x 850 x 1500mm high

415Volt 3ph

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
