

Safety kleen Model 110/2 Industrial Parts Washer

Sorry, this machine is no longer available

We might be able to meet your requirements with other [Spray & Jet Cleaning](#) machines.

Stock No	DR941
Manufacturer	Safety kleen
Model	110 / 2
Year of Manufacture	2009
Serial	310E676
Work Envelope (WxDxH mm)	Ø730 x 400mm high
Process Stages	Single stage wash
Weight (kgs)	155kg
External Dimensions (WxDxH mm)	1000 x 850 x 1200mm

Description

This Safety Kleen second hand Industrial quality single stage parts washer offers excellent cleaning results, with a motor driven rotating basket carrying the components under highly effective spray jets.

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

The versatile and efficient solution for a wide range of industrial cleaning requirements, the space-saving design makes this Model suitable for many work cell cleaning tasks. Components pass through the temperature controlled aqueous spray in a slowly revolving directly driven basket during a timed cleaning cycle. High impact spray jets surround components on three sides to achieve maximum cleanliness.

Safety Kleen washers are popular for use in manufacturing cells, garages, and remanufacturing processes.

Specifications:

- 730mm diameter basket
- Door safety interlock
- 2.2bar pressure wash
- 250kg basket capacity
- 150ltr 6kW heated sump
- Process timer
- Temperature control
- Swarf catchment trays
- Steam vent

External dimensions 1000 x 850 x 1200mm

Weight 155kg
