

Vixen Surface Treatments FL250 front loading Washer

Sorry, this machine is no longer available

We might be able to meet your requirements with other [Spray & Jet Cleaning](#) machines.

Stock No	DR962
Manufacturer	Vixen Surface Treatments
Model	Jetwash FL250
Year of Manufacture	2007
Serial	2053
Work Envelope (WxDxH mm)	Ø2500 x 1100 over the platform
Process Stages	3 stage
Other Info	Multistage clean and surface treatments
Weight (kgs)	To Follow
External Dimensions (WxDxH mm)	4000 x 5300 x 4100mm

Description

Vixen's Jetwash FL250 phosphating machine consists of a 3 stage cycle; hot washing with a phosphate solution, hot rinsing and then hot passivation solution to provide better paint and coatings adhesive properties to manufactured

Machine Datasheet

components.

The Jetwash FL250 (frontloaded) is a frontloading wash and coatings machine with uprising guillotine door which is operated by a pneumatic cylinder and two handed safety control unit, preventing any entrapment risks to the operator.

The design of the machine allows easy loading of heavy components. The machine is supplied with a front loading cart allowing product to be loaded by either fork lift or overhead crane.

Process controls can be set via a digital timer and temperature controls through a LCD display linked to a PCB touch sensitive keypad.

Although primarily designed as a phosphate coating machine the 3 stage wash could as readily be used for other types of coatings and surface finishes such as chromates or simply as a hot wash, hot rinse and secondary final rinse (de ionised water for a stain free finish.)

Advantages

- Eradication of Health and Safety issues associated with chlorinated solvents
- Reduction/Elimination of etch prime processes
- Excellent paint adhesion (salt spray tests indicate 260 hours)
- Fast and Flexible processing of metals
- Low running costs
- Ease of handling larger components
- Full technical back up regarding phosphate solution
- Touch screen controls for easy operation
- 500 litres per minute cleaning capacity

Additional optional extra's fitted to this machine:

Colectsing oil filter
Pumped power drain
Spray lance pre washer
