

## Hedinair Electric Oven

**Sorry, this machine is no longer available**

We might be able to meet your requirements with other [Industrial Ovens](#) machines.

Stock No	<a href="#">OR1205</a>
Manufacturer	<a href="#">Hedinair</a>
Model	LBO181818
Serial	14921
Internal Size (WxDxH mm)	1850 x 1800 x 1850mm
Max Temp	300°C
Other Info	Heavy Duty Industrial Oven
Weight (kgs)	1350kgs
External Dimensions (WxDxH mm)	2200 x 2070 x 2600mm

### Description

An excellent example of a large Hedinair box oven featuring the following:

- Maximum Temp - 300 Degree Celcius

The Marketplace for Surface Technology.  
New and Used Process Equipment & Machinery.  
**Machine Datasheet**

- Side mounted explosion relief panel
- 35 Kilowatts
- Roof mounted air circulation fan for even hot air distribution within the heating chamber during processing.
- Robustly constructed twin locking doors
- Steel floor
- Processor temp controller
- Process timer

Ideally suited to low temperature thermal treatments such as stress relieving, de-embrittling and tempering.

#### Alternative applications

Pre-heating of ferrous/non ferrous/plastic/wood/glass substrates or curing/stoving suitable coatings

This would make an excellent addition for those processing larger batches or singular large items in a production environment

The Hedinair Large batch oven range is suitable for almost any application from simple drying processes to exacting metal treatments.
