Riley Ultra-World Ultrasonic and Conventional Cleaning Systems Pump and Filter Unit

The Ultra-World Pump and Filter Unit is a vital component for many heavy duty ultrasonic and conventional cleaning systems.

It is an essential aid to water agitation and the creation of effective precision cleaning activity. It also helps to remove debris, oils and other pollutants from the cleaning process, thus ensuring a pristine finish with no damage to either the components or the cleaning system.

The pump and filter unit is free-standing, fully portable and suitable for units with drain and return.

TECHNICAL SPECIFICATIONS

MODEL	PF
Pipe connections	_ BSP
Hoses x 2	800 mm (Optionally Longer)
Connections	Front and Back
Pump Tank Full	Yes
Pump Tank Empty	Yes
Recirculation and Filter	Yes
Filter 250 x 64 Diameter	Various Type / Grade Options
Pressure Switch Protection	Yes
	Optional Warning Strobe
Pre Pump Protective Strainer	Yes
Mains Voltage	220/240v (3 Phase Option)
Power Consumption (Approx)	750 watt
Overload Protection	Yes
