

## Industrial Cooling Systems (ICS) TEC 172kW Process Water Chiller

**Sorry, this machine is no longer available**

We might be able to meet your requirements with other [Air Cooled Chillers & Refrigeration](#) machines.

Stock No	<a href="#">CQ409</a>
Manufacturer	<a href="#">Industrial Cooling Systems (ICS)</a>
Model	TED 92086
Year of Manufacture	Sept 2000
Serial	TEC 452
Ave. cooling capacity	172kW
Other Info	Refrigerant R22
Weight (kgs)	950kg
External Dimensions (WxDxH mm)	1620 x 4800 x 2140mm high (with tank)

### Description

This Fully Packaged Chiller is one of the higher capacity range of fully packaged chillers and is manufactured to ISO 9001 standards with high grade components.

The Marketplace for Surface Technology.  
New and Used Process Equipment & Machinery.  
**Machine Datasheet**

This unit is weatherproofed and suitable for external location.

It is constructed from heavy gauge welded steel, after construction all surfaces are shot blasted, primed and painted.

The components used are all high grade. Scroll, screw or semi hermetic compressors are used as appropriate. There is a horizontally mounted air cooled condenser manufactured from seamless copper tubes bonded to aluminium fins.

The unit is fully insulated dual circuit or twin evaporators or shell and tube, or stainless plate design are fitted as standard. This unit is raft mounted with a plastic process water tank fitted with pumps and outlets.

- Capacity control
- Temperature and pressure gauge
- HP/LP gauges
