

York YCAC 23 Package Chiller Unit

Sorry, this machine is no longer available

We might be able to meet your requirements with other [Air Cooled Chillers & Refrigeration](#) machines.

Stock No	CR432
Manufacturer	York
Model	YCAC 23
Year of Manufacture	1997
Serial	053007NG005
Ave. cooling capacity	23 kW at 15°C $\frac{1}{2}$ °C
Other Info	Robust design
Weight (kgs)	370kg
External Dimensions (WxDxH mm)	1660 x 660 x 1050mm

Description

A pre owned self contained air cooled package chiller having a cooling capacity 23 kW at 15°C chilled water leaving temperature in an ambient of 35°C. The machine has been refurbished already for stock and includes a supply and fit replacement circulation pump.

The Marketplace for Surface Technology.
New and Used Process Equipment & Machinery.
Machine Datasheet

Suitable for a wide range of solution and water cooling applications including Plating anodising applications, injection moulding, food, dairy, laser cutting and air conditioning.

Control panel incorporating a microprocessor based digital temperature controller

Approx overall size high.

Auto coolant water make up valve

Installed nominal power

Internal storage break tank

Circulation pump

Hermetically sealed reciprocating compressor

Twin condenser fan units

415Volt

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
