Description

Simple to use high pressure steam cleaner with spray lance and easy control system.

Small compact unit on wheels for ease of movement, a brake to secure in place when in use, with a long electric cable, 5 pin plug, also a long steam hose to facilitate maximum flexibility when cleaning.

A powerful steam cleaner providing 120lbs of steam at 145 PSI. Very highly hygiene rated

Operation

- Fill the water tank with cold water.
- Connect to a suitable power supply.
- Turn on the machine and press the boiler switch, approx. 9 mins later the machine is ready to use.
- Connect the steam hose to the front of the unit.
- Set the steam volume.
- Select the appropriate tool and connect to the hose.
- Cleaning chemicals can be added as required.

Photographs taken prior refurbishment. Our refurbishment service is not available on all machines.
